Attention: Harbour Lights light house collectors or potential collectors. I'm thinning out my collection and have 16 light houses I'm selling for half the original price which was \$55 to \$75 each. All with original box and paper work. Issuing years were 1991 to 2004. Call for details.

Also I just had the inside of the house painted and have several pieces of wall decor framed and in good condition for sale. Will take reasonable offers. Call Ralph Brown at 951-696-2946.

RECOMMENDED: Frank's Hot Rod's Upholstery, 27620 Commerce Center Drive, #109, Temecula, 951-693-0350.

How does one rate "honesty"? I have never used the talents of "Frank's Hod Rod's Upholstery, however, I can sincerely acknowledge his honesty and persistence. Why do I strongly recommend Frank's service?

I recently lost my mother's coin purse containing a substantial amount of money. My doorbell rang and there stood Frank and his wife Magdalena, holding the coin purse. They tried to deliver it previously but found no one at home; they were persistent and on Sunday afternoon they handed me the lost purse without accepting anything in return.

Where do you find such "Earth Angels"? Therefore, if anyone needs Frank's service you certainly can rely on his honesty, perseverance and integrity.
